PROCUREMENT DIVISION WEEKLY REPORT FOR
PERIOD ENDING 16 NOVEMBER 1983

1. Progress Report of Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period.

2. Items or Events of Major Interest that have Occurred
During the Preceding Week:

a. AUTOMATED PAGE MAKE-UP SYSTEM for P&PD - On 15 November 1983, a Source Selection Board (SSB) meeting was held for the purpose of assessing the Technical and Cost Evaluation results relative to proposals submitted in response to RFP No. 83B-196, calling for either a Lease to Ownership (LTOP) or Lease with Option to Purchase (LWOP) leasing arrangement for an Automated Page Make-up System to support the Printing and Photography Division (P&PD). On the basis of evaluation material presented to the SSB, it was agreed that the recommendation to the Source Selection Official (SSO) would address alternative means and methods to accomplish the objectives of P&PD exclusive of the existing RFP. b. TDY TRIP TO GENERAL ELECTRIC - [redacted]

[redacted] of P&SCB and the COTR's for the RF Shielded Enclosure Development Program visited GE on 15 November 1983 for fact finding. The discussions centered on the specification to include some technical changes from the Office of Communications (OC), the basis of estimate, program schedule and security. Due to the technical changes, GE will submit a revised proposal within a week to ten days and appears ready to provide full support to the program. The CSAD auditor was also in attendance.
